

## We the students of the Leading the Way, Wimmera Forum 2009 make the following commitments to action for a more sustainable world

### In the community, I am going to:

- ✓ plan a tree day
- ✓ advertise to recycle, save electricity and not waste water
- ✓ spread the word
- ✓ plant trees and plants in my street and pick up rubbish when I see it
- ✓ try to buy locally
- ✓ pick up all my rubbish and be a good example
- ✓ catch public transport three times a week
- ✓ support local businesses that are more energy efficient
- ✓ pick up rubbish around the community, join a community action group and plant a tree
- ✓ pick up rubbish in the street
- ✓ spread the word about sustainability
- ✓ make posters
- ✓ research local issues that concern the environment I live in
- ✓ work with the government to create resource saving programs
- ✓ take public transport at least three times a week
- ✓ make people aware of sustainability
- ✓ use water wisely
- ✓ research local environment issues
- ✓ inform others about climate change and sustainability
- ✓ raise awareness in the community
- ✓ spread the word about sustainability
- ✓ shop locally more to keep money in the region, try not to litter and pick up rubbish
- ✓ become more involved with the community house activities
- ✓ join a community group and join a plant a tree program
- ✓ clean up in the community
- ✓ use public transport or walk or ride a bike
- ✓ Clean up after myself (and hopefully lead by example)
- ✓ make a bigger effort to get involved with sustainability activities within my community
- ✓ encourage recreational clubs to get water tanks
- ✓ raise awareness about water saving
- ✓ try and shop locally and support local business
- ✓ try to advise people around you who aren't really being conservative
- ✓ plant more native trees around our city and around my area
- ✓ pick up all the rubbish on the ground
- ✓ put signs up to make people aware
- ✓ help the Quantong recreational reserve become a more sustainable and green club and community area
- ✓ become more involved in sustainability activities
- ✓ walk more
- ✓ use my bike to get places I want to go
- ✓ speak up if I see someone littering or wasting water
- ✓ become active, and spread my ideas
- ✓ put signs up on how to be sustainable in my community
- ✓ shop from businesses that are environmentally focused
- ✓ raise awareness on sustainability in our FREEZA youth committee newspaper page
- ✓ post posters around shops to help (people) realise how bad the drought actually is
- ✓ spread the word about how to be more sustainable
- ✓ make the community aware of conserving our planet, because they may not know about climate change yet
- ✓ plant trees and recycle more often
