

We the students of the Leading the Way, Wimmera Forum 2009 make the following commitments to action for a more sustainable world

At school, I am going to:

- ✓ join in the green team
- ✓ implement recycling bins
- ✓ join in the environmental group
- ✓ pick up litter when I see it
- ✓ join the Enviro group and pick up paper around the school
- ✓ inform as many of my peers as I can about climate change
- ✓ clean up more
- ✓ tell my friends about climate change and what we've learnt here
- ✓ not litter, and we should plant more trees and recycle properly
- ✓ pickup rubbish and get involved in more activities around the school to help the school or community
- ✓ commit myself to attending every environment group meeting that is held
- ✓ always put rubbish into bins
- ✓ help everyone to gain an understanding of sustainability.
- ✓ give someone a hard time if they litter
- ✓ not waste water on water fights
- ✓ try to spread my knowledge and ideas about sustainability
- ✓ manage the amount of paper I use
- ✓ help out with environment and sustainable based curriculum
- ✓ join the green team
- ✓ learn more about what my school does and help the recycling system.
- ✓ get a better air-conditioner that doesn't take a lot of power, but makes it cold
- ✓ make sure the light is off when the class leaves the room
- ✓ raise awareness at school, raise money for a water tank, and recycle water
- ✓ open curtains and blinds, rather than turning lights on
- ✓ give people and my friends a hard time if they drop their rubbish
- ✓ get more involved in sustainability
- ✓ use my leadership to influence 'green' agenda
- ✓ try to get water tanks
- ✓ ensure all information you print is relevant to reduce paper
- ✓ make sure teachers use minimal power
- ✓ recycle paper I don't need
- ✓ make a motion to get solar panels to help produce energy to power classrooms
- ✓ recommend energy efficient light globes
- ✓ get more involved with environmental actions our school does
- ✓ contribute more to the school green team
- ✓ not litter and put my rubbish in the bin always
- ✓ use the rubbish bin and make sure everyone else does
- ✓ spread my knowledge about sustainability and help educate my classmates
- ✓ make sure no one wastes any unnecessary water
- ✓ (recommend) energy efficient light globes
- ✓ help the school reduce electricity
- ✓ make as many people aware of sustainability and how we could change
- ✓ try to influence others to be more water conscious
- ✓ pick up rubbish and recycle e.g. put bottles in the bottle bin
- ✓ turn off lights when not in use
- ✓ put in energy-saving light bulbs and enforce use of rubbish and recycling bins
- ✓ make (sure) friends & teachers are aware of things I've learnt
- ✓ tell more people not to litter
- ✓ become more involved in environmental stuff
- ✓ reduce the litter at school as it's disgusting
- ✓ learn more about what is already happening
