School Friendly Businesses

LINKING PARENTS SCHOOLS AND BUSINESS

Being a School Friendly Business will:

- Promote your business
- Strengthen your community
- Help nurture a future workforce
- Strengthen the relationship between your business and the local school community
- Attract staff and customers to your business

Supporting the local community

Does your business want to be more engaged with the local community?

Would you like to be more engaged with local schools and connect to potential future employees?

Would you like to support parents to be more engaged with their children's education?

Would you like to help young people become more aware of the career opportunities available to them in their home town?

It's free!

Becoming a School Friendly Business *is free!*

All School Friendly Businesses are given a sticker to place in their window which acknowledges their support. Support will also be acknowledged in school newsletters and media reports.
